

# AEROPRESS

A quick and easy Coffee Maker that delivers a rich and aromatic cup.

## You Will Need:

- 1x Aeropress
- 1x Gooseneck Kettle
- 1x Paper Filter

Brewer Position: Inverted

- Water heated to 92°C
- Coffee ground medium-coarse (#7.5 EK43)

## Instructions:

1. Set your water temperature at 92°C
2. Prepare filter paper and grind 20g of coffee
3. Pour 40g of water and stir for 5 seconds
4. At 30 seconds pour 160g of water
5. At 60 seconds stir again for 5 seconds
6. At 120 seconds put the filter cap on, flip the AeroPress and press into a glass server for 20 seconds.
7. Stop at the hissing sound.
8. Enjoy.

## Coffee-to-Water ratio:

- 20 grams of coffee to every 200ml of water

**PREPARATION: 2 MIN.**

**BREWING: 3 MIN.**
